SUBJECT: Testimony Regarding Unauthorized Disclosure
Given Before a House Subcommittee

1. On 7 February, the DDO testified before the Subcommittee on Civil Service of the House Committee on Post Office and Civil Service regarding the harm leaks have done to our national security. During the course of that hearing, several highly classified examples illustrating the damage done by leaks were provided. The Staff Director of that Subcommittee has now asked the Agency to produce an unclassified summary of each example for public release. Attached is an unclassified summary that I have prepared of the examples that originated within your component. Attached to each of these summaries is the classified example that was presented to the Subcommittee.

2. It is requested that you review the unclassified summary to determine if in fact all classified material has been removed. If you concur that there is no classified material contained in the summary, please initial the covering pink slip. If you do not concur, I would appreciate suggested changes that would remove any remaining classified material.

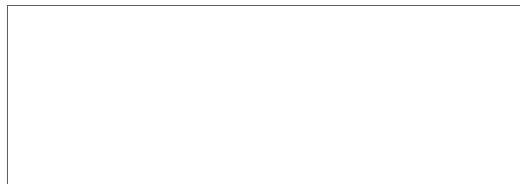

3. If you believe any other individuals or offices in your component should be consulted prior to public release of the unclassified summary, I would appreciate your undertaking such coordination. To facilitate the coordination process, I have put on the attached examples the names of the Agency officers who provided us with the information contained in the classified examples. Since the Subcommittee Staff Director has
